TO TAKE CHARGE AND ENDEAVOR
TO SUPPRESS FEVER

New Orleans Business Interests
Believe it Would Restore
Confidence.

NOT YET HOPELESS
Although Situation is Admitted to
Have Grown Serious.

ONLY 5 DEATHS AND 43 NEW
NEW CASES REPORTED YES-
TERDAY WHICH WAS MUCH
LESS THAN HAD BEEN EXPECT-
ED--KENTUCKY OPENS DOOR
TO REFUGEES.

By Associated Press.
New Orleans, Aug. 4.—Following is
the record up to 6 o'clock to-night:
New cases 43, total cases to date
45.
Deaths 5, total deaths to date 89.
New sub febrile 10, total sub febrile 76.
The record for the day is a surprise
to many, confidently looked for a large
number of new cases in view of
yesterday's report. There was a large
number of non-foreign names in to-
day's list than appeared yesterday.
That was the only phase of the report
which caused uneasiness for it shows
the disease was making its appear-
ance among other elements of the
community.

Dr. C. Milo Brady, traveling inspec-
tor of the State Board of Health, re-
ports another case in Jefferson parish,
opposite New Orleans.

With no intention of admitting that
the fever situation is beyond control,
but in hopes of reviving confidence
here and in the South, the official
and business interests to-day decided to
send a request to President Roosevelt
to have the United States government
assume charge of the struggle now
progressing to wipe out yellow fever
from New Orleans and Louisiana.

Public sentiment approves the action
taken.

It is the expectation that within the
next two days Surgeon General Wyman,
with all the resources of the
government, will be enlisted in the
campaign.

This action was taken as the result
of a meeting held late to-day at the
Colon Exchange. President A. Britton
presided and there were present
Mayor Behrman, Chairman Angier,
of the city's committee, President
Johnson of the State Board of
Health, and a representative
from each of the exchanges and com-
mercial bodies.

All those present participated in
the discussion and it was the con-
clusion of opinion that while the situa-
tion had grown serious it was not
hopeless. This view was concurred
in by Dr. White. At the same time it
was believed that if government control
was resolved upon there would be an
immediate restoration of confidence
throughout Louisiana and other states
in the South where there had been
revelation of the local authorities for
not making public the exist-
ence of fever.

It was also believed by those pres-
ent that Surgeon General Wyman
would be able to send a force of phy-
sicians to New Orleans thoroughly
equipped for handling the yellow fever
because of their experience
in Cuba, Mexico and different points
in the United States, and that the
government would have facilities for
conducting a scientific campaign not pos-
sible by the local authorities.

WYMAN INSTRUCTED
TO TAKE CHARGE.

Roosevelt tonight forwarded to Sur-
geon General Wyman, of the Public
Health and Marine Hospital Service,

THE SUNDAY JOURNAL
WILL BE BIG PAPER

SUBSCRIBERS AND ADVERTISERS NOW GETTING THE BIGGEST
AND MOST EXPENSIVELY OPERATED PAPER PUBLISH-
ED IN ANY CITY OF PENSACOLA'S SIZE.

The Sunday Journal is going to be
a particularly good one tomorrow, so
good, in fact, that no reader can af-
ford to do without a copy of the paper
and no advertiser can afford to stay
out of it.

It is a fact that everyone who will
observe the matter has noted, that
The Journal has since the first of last
January published every day a bigger
paper, a better paper and a more ex-
pensively operated paper, than is pub-
lished in any city of Pensacola's pop-
ulation any where—either north or
south.

Pensacolians have become so used
to reading that they undoubtedly feel
that they are getting the best of the
paper.

By Associated Press.
Tokio, Aug. 1.—The bulk of the Rus-
sian garrison of Sakhalin surrendered
to the Japanese July 31.

Three Days of Fighting.
Tokio, Aug. 4.—Noon.—A report giv-
ing details of the final pursuit and sur-
render of the majority of the Russian
garrison on Sakhalin island has been
received as follows:

An independent cavalry column on
the afternoon of July 28 attacked the
enemy south of Paley and routed him,
driving him southward, capturing two
field guns besides a number of rifles
and a quantity of ammunition.

On July 29 the cavalry, being rein-
forced, vigorously pursued the enemy
south of Taylan, which lies twenty-
five miles south of Rykoff. The enemy
halted at Omot, twenty-five miles south
of Taylan, and at 5 o'clock on the
morning of July 30, sent a letter,
under a flag of truce, to the Japanese
commanding officer from General Liap-
noff, the Russian governor, saying
that the lack of bandage material and
medicines and the consequent inabil-
ity to succor the wounded compelled
him from a sense of humanity to ter-
minate hostilities.

The commander of the Japanese
forces replied, demanding the deliv-
ery of all war supplies and property
of the Russian government uninjured,
and the delivery of all maps, records
and papers relating to the Russian
civil and military administration,
and requiring their delivery and reply at
10 o'clock on the morning of July 31:

would immediately an attacking movement
be made.

Colonel Tolitich, on behalf of Gen-
eral Liapnoff, met Colonel Kogami,
Japanese chief of staff, on the morning
of July 31, and accepted the proposed
terms.

General Liapnoff, 70 officers and
2,200 men of the Russian garrison ac-
cepted the terms and surrendered.

The spoils, consisting of clothing,
papers and military supplies, are now
under investigation.

BOYCOTT OF THE
CHINESE NOT
SERIOUS

Master Barret Believes Alarm
Over Situation is Greatly
Exaggerated.

By Associated Press.
San Francisco, Aug. 4.—John Bar-
rett, the newly appointed minister to
Colombia, is here in connection with
the commercial relations existing be-
tween the United States and China,
particularly as regards the boycott in-
augurated by the Chinese guilds
against American products.

He insists, however, that his mis-
sion is not of an official character, but
simply to acquaint himself with the
feeling of the people of the coast as to
the boycott, and interview some of the
merchants who are engaged in the orien-
tal trade.

Mr. Barrett, while conceding that
the Chinese guilds are all-powerful in
their country, is of the opinion that
the present alarm shown by the peo-
ple of this country over the action of
the Chinese is unnecessarily exagger-
ated. He firmly believes that what-
ever grievances the Chinese guilds
have will soon be dispelled, when they
are made to realize that our govern-
ment is disposed to act fairly with
them in the matter of immigration.

He is also of the opinion that our
future policy as regards the orient
will depend much upon the results of
the peace conference between repre-
sentatives of Japan and Russia, and
predicts that the next two years will
witness a great change in the policy
of the United States. Such a change
will be attended with a noticeable im-
provement of our commercial rela-
tions in the Far East.

QUARANTINE
IN MISSOURI

By Associated Press.
St. Louis, Aug. 4.—The quarantine
order issued by the Missouri board
of health against districts affected by
yellow fever, will be enforced along
the eastern borders of the state as far
north as St. Louis, along the entire
western border as far north as Kansas
City.

The establishment of quarantine
stations or detention camps will be in
the hands of the different local boards
of health, unless it is found necessary
by the state board to intervene. In
case persons succeed in entering the
state from the danger zones of the
South they will be detained in cities
or towns farther in the interior if un-
able to exhibit a bill of health.

Will Bring Searchlight to Bear Up
on Any Suspected Employee
of His Department.

By Associated Press.
Washington, Aug. 4.—Secretary
Wilson, of the Agricultural Depart-
ment, is determined not to take his
annual vacation during the progress
of the investigation in his department.
He intended to leave August 1 to
make a tour of the western forests,
but the work will be left to Chief For-
ester Pinchot.

Secretary Wilson said to-day: "If
any person has reason to suspect the
integrity of any of my employees, now
is the time for him to speak. We are
inspecting the business now and want
to get at the bottom of rumors or
facts that may be brought to the de-
partment. I will bring the searchlight
on any employees whose actions are
suspicious."

ATTEMPTED TO
BLOW UP SHIP

By Associated Press.
San Francisco, Aug. 4.—An attempt
to blow up a ship in mid-ocean has
been reported by Capt. C. Touse, of
the French ship Asnieres, which has
arrived here from Swansea, England,
loaded with coal. He left that port
in January last, and six weeks later,
when far out at sea, a dozen capped
fuses, such as are used by miners to
explode charges of dynamite, were
discovered in the hold of the ship
among the coal. Had one of the fuses
become ignited by a shock in a part
of the hold where coal gas had accu-
mulated, the ship would undoubtedly
have been blown to atoms. Two or
three of them had exploded, but for-
tunately at points where there was no
gas, and consequently no damage was
done. The presence of the fuses
among the coal was discovered only
by accident, where during some rough
weather men were sent down into the
hold to level the coal and found them.

By Associated Press.
New York, Aug. 4.—Plans are on
foot to float a Russian loan in Amer-
ica and conferences with this object
in view already have been held, says
the Herald, between Mr. Sergius
Witte, the Russian senior peace en-
voy, and representatives of one or two
of Wall street's most prominent bank-
ing firms and institutions.

Herald, "that further conferences will
be held and that the information
which Mr. Witte obtains will have a
highly important bearing on the out-

are soon to begin.

Restrained from Paying Special
Counsel in Burton Pro-
secution.

BILL OF COMPLAINT

Filed By Thos. Pebley, Who Alleges
Lack of Authority.

CLAIMS COMMISSIONERS HAVE
NO AUTHORITY TO SPEND PEOP-
LE'S MONEY IN PROSECUTIONS
BY THE STATE--COMMISSION-
ERS HAD ENGAGED JUDGE L. J.
REEVES TO ASSIST COUNTY
SOLICITOR.

A new action, growing out of the
Burton case, has just developed by the
granting of an injunction restraining
the county commissioners from paying
the fee of the special counsel employed
by them to assist the county solicitor
in the prosecution of Burton.

The injunction was granted by
Court Commissioner Chas. M. Coston,
acting in the absence of Judge F. B.
Carter, on the complaint of Thos. Pe-
bley, who alleged that the expenditure
of \$200, the amount authorized, or of
any other amount for the purpose
stated, was illegal and he therefore
asked for an injunction restraining
the board from paying it. Mr. Pebley's
bill of complaint is as follows:

Bill of Complaint.
To the Hon. Chas. M. Coston, com-
missioner, in the absence of the Hon.
Francis B. Carter, Judge of the First
Judicial Circuit, Escambia County,
Florida. In chancery:
The bill of complaint of Thos. Pe-
bley, a resident and citizen of the city
of Pensacola, Escambia County Flori-
da, being over the age of twenty-one
years, against a certain county in the
state of Florida, commonly called
Escambia County, respectfully shows:

First, That complainant is a resi-
dent, a citizen and tax payer of the
said Escambia County, Florida, and as
such, resident, citizen and tax payer,
is personally and directly interested
in the expenditures of the funds and
money raised by taxation by the said
county.

Second, That at a meeting of the
Board of County Commissioners in
and for said county, held on the 26th
day of June, 1905 in the county court
house in and for Escambia County,
Florida, the following resolution was
offered and adopted, viz:—

The Board's Resolution.
"The following resolution was made
before the Board, Pensacola, June 26,
1905: Whereas the State Auditor has
made an examination of the office of
the clerk of the Circuit Court of this
county at the request of the board and
clerk of the Circuit Court; and where-
as the report of the said auditor shows
that a large sum of money has been
illegally drawn from the County Treas-
ury by reason of the defalcation of B.
H. Burton, late deputy Clerk of circuit
court of this county; and whereas the
said Burton has been arrested and now
stands charged with an offense against
the laws of the state for such defalca-
tion; and whereas the serious nature
of the charge against the defalcation
and the necessity of vigilantly guard-
ing the public funds, make it the duty
of this board to see that a fair and
impartial trial be had by the accused
as well as that full and complete jus-
tice be done in the premises before the
state and county; Therefore, be it
Resolved, that the Board of County
Commissioners employ counsel to aid
and assist the county solicitor in the
prosecution of said Burton of the
commission of such offense and that
he is to be paid by the county for such
service. The resolution was on motion
adopted. Motion was made and car-
ried that Judge L. J. Reeves be em-
ployed as counsel for the county."

Swindled Merchants Out
of Thousands of Dollars

By Associated Press.
Chicago, Aug. 4.—Charged with
swindling merchants in twenty-one
cities out of thousands of dollars, Nor-
man E. Roberts, alleged money order
forger, was arrested last night at a sub-postal station. Roberts
was a salesman until a few
months ago. He is 27 years old and
comes from New York, but his wife
lives in Baltimore.

Roberts' methods have not differed
from that of several other swindlers,
including one woman, who have been
sent to the penitentiary from Chicago
within the last three years.

The forger buys a money order at
a station, usually for 25 cents,
